"If it be in thy power, remember the sick, the lame and the infirm, with charitable institutions for their benefit. It was one of the most praiseworthy customs of our forefathers, that, when blessed with riches, they applied a part of them to founding pious and charitable institutions. When God bestowed upon them bountiful superfluity during their life-time, by their last testaments they gratefully returned a share of it to God. Their pious hearts, which called God the Father of All, were open to the love of their poorer fellow-creatures, and when the time came the needy were found numbered among their heirs."

LEGACIES TO THE SOCIETY.

The Society has always been greatly aided by this form of generosity. No precise words are necessary to a valid legacy to the corporation. The following form, however, may be suggested:

"I give to the New York Society for the Rellef of the Ruptured and Crippled the sum of————dollars."

PROCEEDINGS AT THE ANNUAL MEETING

Pursuant to public notice the Forty-fourth Annual Meeting of the New York Society for the Relief of the Ruptured and Crippled was held at the Hospital, corner of Lexington Avenue and Forty-second Street, on November 14, 1907. Mr. Frederick Sturges was called to the Chair.

Mr. William Church Osborn was appointed Secretary of the Meeting.

The Minutes of the last Annual Meeting were read and approved.

The Annual Report of the Board of Managers and the Report to the Society of the operations of the Hospital by Virgil P. Gibney, M. D., Surgeon-in-Chief, were read and approved.

The Treasurer, Mr. Frederick Sturges, submitted a statement of his accounts for the year, approved by the Auditing Committee, which was read and approved, whereupon it was, on motion.

Resolved, That the Annual Report and the accompanying reports of the Surgeon-in-Chief and Treasurer be printed under the direction of a Committee, consisting of Mr. Wm. Church Osborn, William Sloane and Dr. V. P. Gibney.

The Annual Election of Officers and Managers of the Society was then held, and the following-named persons recommended by the Nominating Committee were duly elected.

No other business appearing before the meeting, on motion the Society adjourned.

FORTY-FOURTH ANNUAL REPORT

of the

BOARD OF MANAGERS

of the

New York Society for the Relief of the Ruptured and Crippled

In presenting their annual report to the public, the trustees of the Society wish to express their thanks to the many benevolent persons who have given subscriptions to the Hospital during the past year. It is an evidence that as the needs of the Hospital become known, the general public of New York will renew their support of it. The construction of the new Hospital building in 1898 has approximately doubled the work of the Hospital, and has more than doubled its efficiency and standards. It is owing to this fact that the trustees must ask for additional revenue.

A comparison of the accounts of the cost of maintenance of the Hospital this year with the cost in previous years, and with the cost of other similar institutions, will show that the trustees and the members of the Executive Staff have worked harmoniously and successfully for the practice of all due economies in the administration of the Hospital. Notwithstanding this, however, the Hospital has had to draw on its Endowment Fund in the sum of approximately \$20,000.

To turn to the more cheerful side of the picture, we can report that the work of the Hospital has been maintained at a high point, both in the standards of care, in the number of persons treated and in the readiness of the medical staff to meet the varying phases of disease which arise in this great city. A most grati-

fying advance has been made in the management of the school. The efficiency of the grade work has been greatly increased by the addition of new teachers and the kindergarten under Miss Kiralphy and her assistant, Miss Stillman, is a real success. The school has been recently visited by the District Superintendent, Mr. Edw. W. Stitt, and in his report he speaks of it in the most favorable terms.

The interest and variety brought into the lives of our children by the use of special classes in basketry, weaving and sewing, etc., and the kindergarten games and studies, is a great blessing to our children.

Any person desiring to visit the hospital should not fail to drop in in the morning hours and visit the kindergarten classes. The summer work of the hospital has been conducted on the usual lines and the thanks of the Board of Managers are especially addressed to Robins Nest, Tarrytown, N. Y., Country Home for Convalescent Babies at Sea Cliff, L. I.; Children's Aid Society of New York; Association for Improving the Conditions of the Poor; St. John's Guild; Seaside Hospital and the Crippled Children's Driving Association, for the care of our children during the summer.

Respectfully submitted,

WILLIAM CHURCH OSBORN,

Secretary.

TO THE BOARD OF MANAGERS

of the New York Society for the

RELIEF OF THE RUPTURED AND CRIPPLED.

Gentlemen.—The Forty-fourth Annual Report of the Hospital, including the Out-Patient Department, is herewith presented, and I beg leave to call your attention to the character of the work accomplished during the year. The actual number of new patients is less than that of the year preceding, yet there was an increase of fifty-four in the hospital wards, the number being 974 against 920 for 1905-6.

The results are as follows: Cured, 323; improved, 359; not improved, 33; not treated, 17; died, 11; making a total of 743 discharged prior to the 1st of October, 1907. It may interest you to know that 327,316 patients have been recorded for treatment since the Society was organized, and it is a natural inference that an army of cripples have been restored to the use of their limbs.

In the Hernia Department, there have been treated during the last year 4,590 patients, and 241 operations have been performed for the radical cure of hernia in the In-door Department during this period.

A report of the results of the operations for the radical cure of Hernia at the Hospital for Ruptured and Crippled, since 1890, has been recently published by Drs. Bull and Coley, in the Journal of the American Medical Association, September 21, 1907. From May, 1890 to July 1, 1907, 2,032 operations for the radical cure of hernia were performed.

AN OUTING IN CENTRAL PARK.

Of this series 137 were in adults, the remainder in children under the age of fourteen years.

There have been but five deaths in 1,978 cases of inguinal and femoral hernia, or a mortality of one-fourth of one per cent.; and only nineteen relapses in the entire number. In 1,185 cases of inguinal hernia in boys, operated upon by Bassini's method, there have been only nine relapses.

The Out-Patient Department has been taxed to its utmost during the Summer by reason of an epidemic of poliomyelitis, commonly known as Infantile Spinal Paralysis; the run beginning about the 1st of June, and at the close of the fiscal year, October I. was at its height. Two or three reports have been made in the Medical Press, and before the New York Academy of Medicine, by members of the Staff, showing the extent of this scourge which unfortunately attacks infants and voung children. much as the last of these reports was made after the close of the Books of the Hospital, say early in November, I shall be obliged to furnish some statistics that were compiled after the 1st of October. This report includes patients recently attacked, from the latter part of May to November 1, but the actual beginning was June I. The number is 387, which is nearly ten times as great as that of the same months in 1906. There were 141 children under two years of age, 17 between two and three years, and 69 between the third and fourth years, while there were 58 between four and eight, and 32 after the eighth year. It will be seen, therefore, that the epidemic of 1907 includes 80 patients over four years of age, differing in this respect from former epidemics. There were 216 male and 171 female children. It has been hard to recognize the disease in its early stage because of its resemblance to cerebro-spinal meningitis, which was a scourge in this City three years ago. We are indebted to the Rockefeller Institute for valuable assistance in our efforts to determine the nature of the disease, although we are obliged to admit that as yet no cause has been found. The study is still in progress, and we hope before the expiration of another year to be able to state

definitely just what germ is the cause of this distressing malady. It is safe to expect that the disabilities from the paralysis which follows in the wake of this epidemic will be an additional burden because of the apparatus which institutions like ours are called upon to manufacture for the protection of joints and the avoidance of strain on the muscles in all stages of the paralysis. The high standing of the Surgeons in charge of the Out-Patient Department has given the institution a reputation for scientific work and for diagnostic ability, so that a great many people in well-to-do circumstances, and frequently on the advice of their physicians, apply for relief, claiming that they can get better service here, and when the diagnosis is given they seem satisfied, because the physician himself, who has thus contributed to the abuse of charity, will be able the better to conduct the case to a successful issue.

As in former years, I take great pleasure in commending the educational features of the hospital. It is very helpful to a crippled child to attend school, get out of the ward, and out of bed. Diversion of a very useful character is thus afforded, and the Board of Education has helped us in securing excellent service in this branch of hospital work. Even the little tots in the Kindergarten are entertained, and have little time to think of their bodily ills.

During the past few years much enthusiasm has been aroused in various parts of the country in favor of open-air treatment, not only for tuberculosis patients, but also for all kinds of chronic ailments, and our aim has been to keep abreast of the times. For many years the Annual Report has been well filled with appeals for a country hospital of large acreage. Yet to-day we are still appealing, but while waiting for this millenium, we have not been neglectful of the opportunities afforded in this great City of New York. For a great many years your Hospital has had a roof-garden. In fact it was a pioneer. During the past year, through the generosity of one of the new members of your Board this roof-garden has been made exceedingly attractive. Flowers

and shrubs and green plants of all kinds have been contributed by this gentleman, and this garden has become so attractive that we can make use of it Winter and Summer. Funds have been provided for the purchase of heavier clothing, overcoats, blankets, etc., so that we can cope favorably with a kindred institution at the sea-shore under the auspices of our friend, the New York Association for Improving the Condition of the Poor. It is needless to say that the Administrative Officers of the Hospital have taken up this fresh air work in the hospital with commendable zeal, and we hope in another report to give most satisfactory results.

The care of the children's teeth has been a helpful feature in our treatment. The Dental Surgeon, Dr. Quaile, has been especially active during the year. It gave us pleasure to welcome, and to extend the privilege of the Operating Room and a few beds in the wards, to the First Dental Society of the State of New York, on their Thirty-eighth Annual Meeting, December 11 and 12. The work on cleft-palate was most instructive. Appreciation of this courtesy has been manifested in various ways, and quite recently a substantial contribution to the Hospital came from the Dental Society.

Along this line, our indebtedness must be expressed to the different homes and hospitals in the suburbs of this City. The Summer months have been lengthened, and we find children returning from these admirable Charities late in the Fall, and going out early in the Spring. The Robin's Nest at Tarrytown has cared for seventy-five children, making a total of 3,218 days. The Country Home for Convalescent Babies at Sea Cliff, Long Island, has very generously extended its hospitality to nine patients who are beyond its age limit. There are 517 days to the credit of this worthy Home. The Children's Aid Society at Bath Beach have contributed 497 days, 44 children being the recipients of this bounty. The Sea-Side Hospital, under the auspices of St. John's Guild, cared for seven patients, 402 days in all. It gives me great pleasure to speak in high terms of praise of their offer

this Summer to retain our most needy cases, in fact, patients that we could not make other provisions for in the Country. They were all returned to the Hospital in a very much improved condition. The New York Association for Improving the Condition of the Poor has really kept the Sea Breeze Hospital at Coney Island filled with our patients, and we have been in the habit of looking upon it as an adjunct to the Hospital for Ruptured and Crippled. The Crippled Children's Driving Fund which was originally organized for the benefit of the children of our Wards, has been very active during the past year, and has furnished biweekly drives for a large number of our patients during the past seven months.

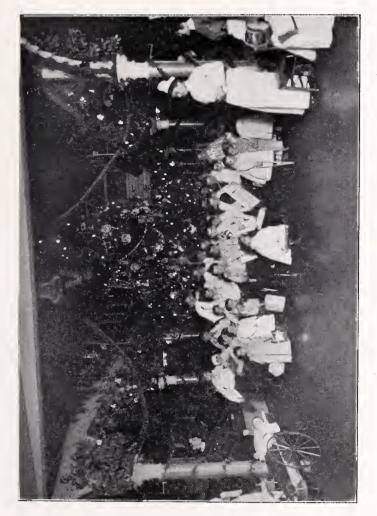

I must be permitted to acknowledge also in this connection, our indebtedness to numerous friends who have provided entertainments throughout the year, bringing sunshine into the lives of our inmates.

We have added greatly to the efficiency of the Hospital Service by the appointment of Attending Physicians and an Assistant, as will be seen among the list of officers of the staff. Our patrons may feel assured that intercurrent diseases in the Hospital will now be given the best of attention and not removed as in the past to a general hospital.

The pathologist of the Hospital has furnished the following

Post Mortem	I

Mr. Jakob Bolin, with his assistants, have generously contributed their services, and our patients have profited very much from massage, Swedish movements, and all these aids to Orthopedic work, and our thanks are cheerfully extended.

To my Colleagues I wish to express indebtedness for invaluable aid, and to the House Staff in particular, we are indebted for the zeal with which the duties assigned have been performed. Indeed, there is a very healthy scientific atmosphere in the Hospital proper, as well as in the Out-Patient Department, and contributions to the literature of Orthopedic Surgery and to Hernia, appear frequently throughout the year in current medical periodicals.

The Superintendent, the Matron, the Registrar, the Nurses, in fact all of the employees of the Institution have been most efficient, and this report would be incomplete without a record of their faithfulness.

I have the honor to be

Your obedient servant

VIRGIL P. GIBNEY, M. D., Surgeon-in-Chief.

OPEN AIR FUND.

Dr. James Knight, the founder of the hospital, established the Open Air Fund many years ago. The money contributed enables us to send children during the late spring, the summer, and the early autumn, into the country, where the most marked improvement has been noted. It will be seen that the railroads and express companies are among our most valuable contributors.

EXTRACTS FROM THE CONSTITUTION AND BY-LAWS

As Revised February 18, 1864; Amended June 9, 1868, October 9, 1869, and April 25, 1876.

OBJECTS OF THE SOCIETY.

The objects of the Society are to apply skillfully constructed surgicomechanical appliances, for the treatment of in- and out-door patients, and those requiring trusses, spring supports, bandages, laced stockings, and apparatus for the cure of cripples, both adults and children, on such conditions as will make their benefits available, so far as is possible, to the poorest in the city free of charge.

Contributors to the Support of the Institution.

Each annual contributor of five dollars and upward shall be entitled to recommend out-door patients.

Each contributor of fifty dollars and upward, at one time, shall have for life the privilege of an annual contributor.

Each contributor of five hundred dollars and upward, at one time, shall be denominated a Patron of the Society, and be entitled to the privileges of the foregoing contributors.

Free Beds.

I. A donation of three thousand dollars shall entitle the donor, during life, to place a child in the Hospital for treatment; and when

such child is removed to place another in its stead.

2. A donation or bequest of five thousand dollars shall entitle the giver (as soon as the money is received) to the above rights in perpetuity; the rights to be transmitted in writing or by will, otherwise to cease.

3. The payment of one hundred dollars entitles the contributor to the treatment of an indigent patient in the Hospital for one year, or of such a patient for every hundred dollars paid to the Institution.

RULES GOVERNING PATIENTS.

I. The office hours for the treatment of non-resident patients shall be from I to 3 o'clock P. M. daily, Sundays and public holidays

excepted.

2. Non-resident patients neglecting to present themselves at the Hospital for inspection, as directed by the Surgeon-in-Chief or his Assistants, may be deprived of the privilege of further free treat-

ment at the Hospital.

- 3. No person shall be received as a resident patient whose case does not require the particular benefits of this Hospital; nor shall any who have the small-pox or measles, or any malignant, infectious or contagious disease, be received into any ward with other patients. In all cases, before reception of a patient, careful examination shall be made to determine whether the symptoms are capable of being relieved by Hospital treatment.
- 4. Persons are to be received upon such conditions and terms as may be agreed upon by the Executive Committee, who shall deter-

mine the same, as far as may be expedient, by general rules.

5. No officer or servant of this Institution shall accept any gift from a patient, except by consent of the Visiting Committee.

6. If any patient shall not conform to the By-Laws and Regulations of the Hospital, or shall behave rudely or indecently, such patient may be immediately discharged by the Surgeon-in-Chief, who shall forthwith report such discharge, and the cause thereof, to the Visiting Committee.

7. Resident patients seized by a contagious or infectious disease will be forthwith removed by the Board of Health, and notice given

at the same time to the family or friends of the patient.

8. No resident patient shall leave the Hospital premises without the permission of the Superintendent; nor shall a resident patient be removed or discharged therefrom without a written permit or discharge from the Surgeon-in-Chief, or House Surgeon.

9. No article of any description belonging to a patient shall be removed from the Hospital without permission of the Superintendent; and all articles brought to the Hospital for the use of patients, as donations, or otherwise, must be given in the first place to the Superintendent for examination and record.

NEW YORK SOCIETY

FOR THE RELIEF OF THE

RUPTURED AND CRIPPLED

Lexington Avenue, 42d and 43d Streets

NEW YORK

RULES.—The Hospital will be open every week-day for the treatment of out-patients from 1 to 3 P. M. Applicants for admission of in-patients will be received every day (Sundays and Legal Holidays excepted) from 1 to 3 P.M. Day for parents and friends to visit in-patients, Saturday from 2 to 4 P. M. Other bays, visitors to the Hospital admitted between 2 and 4.30 P. M.

The Society will furnish medical treatment and bandages for every curable variety of deformity, viz: spinal diseases tending to hump-back, hip-disease, white swellings, and all deformities resulting from paralysis and rickets. Also, trusses for adults and infants, supporters for women, laced stockings for enlarged veins and ulcerated limbs, and every variety of bandages for this class of sufferers. The charity is confined to New York City, and patients without the limits will be required to pay board and washing. Curable children, aged 4 to 14, will be received into the hospital for treatment after an examination in out-patient department, corner 43d Street.

CONDITIONS.—1. To the poor, unable to pay, gratis; to others a charge will be made to cover the cost of the apparatus needed.

- 2. Those living without the limits of New York City who require treatment in hospital will be required to pay for board and apparatus if required.
- 3. The hours for examination are from 1 to 3 P. M., and it is urgently requested that physicians and patrons who recommend patients will send them between these hours.

NOTE.—The Society is mainly dependent for support on its receipts and the contribution of the benevolent.

Contributions are solicited, and may be sent to Mr. John S. Melcher, Treasurer, 27 William Street, or to any of the Officers or Managers of the Hospital. Entrance to Out-patient Department, corner 43d Street and Lexington Avenue.

This Department is open daily, except Sundays and Legal Holldays, from 1 to 3 o'clock, P. M.

A SPECIAL REQUEST is made, that Physicians and Contributors sending patients to the Hospital for in- and out-door treatment state the ability or inability of such patients to pay the cost price of apparatus.
